This site will be undergoing scheduled maintenance on Friday, Feb 7; CET – 9:30 PM to 11:30 PM; IST – 2:00 AM to 4:00 AM (Saturday, Feb 8); EST – 3:30 PM to 5:30 PM; GMT – 8:30 PM to 10:30 PM. During this time, some functionalities may be limited. We appreciate your patience and understanding.

CARD READERS

HID Maxi-Prox Proximity Reader

Honeywell's HID Maxi-Prox Proximity readers include three bezels and are potted for both indoor and outdoor applications.

Overview

Feedback

Honeywell brings HID Maxi-Prox Proximity readers include three bezels: black, charcoal grey and ivory and are potted for both indoor and outdoor applications. The OmniProx family is a complete line of 125 kHz HID compatible proximity readers. For locations that require a proximity reader able to withstand vandal-prone environments, the OP90 vandal resistant readers come standard in zinc die-cast metal housing.

Features & Benefits:

- Long read range distance up to 6in
- Autotune allows read range to be maintained within four inches of metal
- Wiegand, Clock-and-Data and selectable serial outputs available
- Compatible with all HID cards and tags with formats up to 85 bits
- Multicolour LED with internal or host control of the LED and beeper
- Two MaxiProx units can operate one meter apart for "HI-LO" (truck and car) installations
- Reader supervision signal for CASI-RUSCO panels
